Phinfever Draft Coverage 2013

Contributed by Dave Blake Thursday, 25 April 2013

We will be active on the forums and in our chat room for the Draft as we have for many years. Feel free to come and join us in the fun as it is Christmas Day in the NFL.

We'll post each draft pick as they happen. I'll add all of the analysis to that page as I find it throughout each day of the draft from ESPN Insider, other NFL media draft sites, and from other Miami Dolphins fan sites. If you go to our Phinfever Draft Coverage page you will get a list of the draft picks and a link to our coverage of each draft pick.

Right now, this is how our picks are laid out for us. I expect to see a lot of moving up and down in each round as the Dolphins try to get the player they have targeted based on their value chart and needs.

The Phinfever Sports Bar (chat room) is embedded in our forum, so, you will have to be logged into our forum before you can access the chat room. From what I understand, Firefox works best with our Flash software. I use Google Chrome for the chat.

Be sure to download our browser toolbar for Firefox, Internet Exploder, and now Google Chrome. We keep it updated with all the current links that keeps us informed.
